However, identifying a parcel large enough to accomodate the containers along building code required parking in DTSP may be a challenge

Good morning,

I will be there. One of the ideas that I wanted to discuss with everyone was the idea of creating a Ports O' Call Marketplace. The POC Marketplace would utilized shipping containers on an empty lot. I'm looking into other areas that have done them recently. They seem to be pretty popular. David, do you have any contact info for how they are organized?

We would obviously need everyone's support.

Thanks for setting up the meeting.

Best regards,

This meeting will be held on bottom floor of Brown Bros. building in the bottom floor workforce center. Hope both of you can come to provide any help to these tenants.
